Hi Craig,

Yes, the meeting is at 10:30 on the 14th in FSH 252B. Verna says that that is the same room where we met before. I arrive back late on the 11th and will be quite tied up on the 12th. How about a call together on the 13th?

Best wishes,

Nayak

Hi Nayak: I have attached two additional articles for your electronic library:

1/ Using intake biomarkers to evaluate the extent of dietary misreporting in a large sample of adults: the OPEN study.

2/Comparison of food frequency questionnaire with 24-hour dietary recall

Martha Hankins and Lon Kissinger will be attending the meeting on Sept 14th at the Univ. of WA-I believe the time is confirmed for 10:30 am-correct? Look forward to chat with you regarding the meeting when you arrive back into the Seattle area. Hope all is well, regards, Craig
